Dear Tennessee Neurosurgeon/TNS Members:

The 2019 TNS Meeting will be held at the Embassy Suites Hotel in Franklin, TN on August 16-17, 2019. We hope you will plan to attend what will be an outstanding meeting. The Embassy Suites Hotel is an all suites hotel located in Franklin, TN. The hotel provides a shuttle to take you to downtown Franklin where you will find restaurants, entertainment, and shopping.

We will begin our neurosurgery program with a reception on Friday night -- all attendees and guests are invited. We are currently in contact with SVMIC to see if they are able to offer an accredited program for narcotic dispensing required by the State of Tennessee. Additionally information will be forwarded when available. The scientific program will be held Saturday from 8:00 AM to 5:00 PM. This year you will be on your own for breakfast at the hotel, where they provide a chef to cook for you or you may enjoy the pre-prepared buffet. Lunch will be provided, as well as a mid-morning and mid-afternoon break. To make your hotel reservation, call 615.515.5151 and mention that you are with the Tennessee Neurosurgical Society to obtain our special rate.

Reservations must be made by July 16, 2019 to ensure availability.

There are additional rooms set aside for our group on Saturday evening for those wishing to spend the weekend. A brochure for the meeting will be provided at a later date.

As TNS President for 2019, I look forward to seeing you in August and hope that this meeting serves as an opportunity to continue our tradition of renewing and forming outstanding relationships amongst the neurosurgeons of Tennessee.

If you have any questions or concerns, please let us know. You may contact any of our officers, myself or our meeting coordinator.

With kindest regards,

Hamid Shah, MD
2019 President, TNS
